SPRING 2027 · CMSE 492 No programming experience required

AI is already in your field. Can you tell when it's wrong?

AI in the Real World: Data, Power, & Society

Climate models. Medical images. Agriculture. Scientific research. Trace how AI works in practice, and learn to use, evaluate, question, and push back on it.

DATA	TOOLS	PRACTICES	ACTIONS
Who is included?	What can it do?	Whose labor built it?	Who benefits?
Who is excluded?	What can't it do?	How is it used?	Who is harmed?

Mon & Wed
2:40–4:00 pm
Ag Hall 8

Natural science students encouraged. All majors welcome.
